0 of 2 people found the following review helpful. ACDIS CertificationBy CustomerThis reference book is one of the required resources allowed when sitting for the ACDIS Certification exam.

The DRG Expert has been a trusted and comprehensive reference to the DRG classification system for over 25 years. Organized by major diagnostic category (MDC), the convenient and innovative book layout follows the logical MS-DRG decision process. This is a must-have reference for those who need to verify DRG information and accurately assign MS-DRGs concurrently or retrospectively.
